User Stories

Team Champions

ID	User Story	Priority	Author	Acceptance Criteria
1	As a User, I want to log into my account so that I can access the application	Must-have	Leon	Given valid credentials, when submitted, then user is authenticated and taken to the dashboard; invalid credentials show an error and no session is created.
2	As a User, I want to register an account so that I can do the onboarding quiz	Must-have	Leon	Given valid required fields, when submitted, then account is created and user proceeds to onboarding quiz; duplicate/missing fields show validation errors.
3	As a User, I want to do the onboarding quiz so that I can get my archetype	Must-have	Leon	Given the quiz is started, when all questions are answered, then responses are saved and quiz is marked complete; exiting mid-quiz allows resuming later.
4	As a User, I want to be assigned an archetype based on my quiz answers so that I can understand what type of experience I get	Must-have	Leon	Given a completed quiz, when scored, then exactly one archetype is assigned and shown on the user's profile.
5	As a User, I want to set a personal goal, so my journey feels relevant to what I want	Must-have	Leon	Given a user post-onboarding, when they enter a goal, then it is saved and displayed on the dashboard; user can skip and set it later.
6	As a User, I want a personalized questline, so my journey feels connected to my archetype	Must-have	Leon	Given an archetype and goal, when the questline is generated, then quests are ordered and thematically aligned to the archetype.
7	As a User, I want to receive a weekly challenge so I can make progress in small and achievable step	Must-have	Leon	Given an active user, when a new week starts, then exactly one weekly challenge is generated with a visible description and deadline.
8	As a User, I want to reflect on my tasks so I can connect my activity back to my own growth	Must-have	Leon	Given a completed task, when the reflection prompt opens, then the user's text entry is saved and timestamped against that task.
9	As a User, I want to build a streak on doing task daily, so I feel motivated to keep showing up	Must-have	Leon	Given the daily task is completed, when the day rolls over, then the streak counter increments by one and is visible on the profile.
10	As a User, I want to earn badges for completing quests for completing quests, so my achievements feel recognized	Must-have	Leon	Given a quest is completed, when recorded, then the matching badge is awarded once and appears in the user's badge collection.
11	As a User, I want to see a radar charts of my traits over time so I can track how I am changing	Must-have	Leon	Given trait data exists, when the profile is opened, then a radar chart renders current values and updates when a time range is selected.

12	As a User, I want to be capped one challenge per week, so I do not feel pressured on burn-out	Must-have	Leon	Given a user already has an active weekly challenge, when the system attempts to issue another, then it is blocked until the current one ends.
13	As a User, I want to assess the settings so I can change the background color of the application	Must-have	Leon	Given the settings page, when a background color is selected, then it applies immediately and persists across sessions.
14	As a User, I want to assess the settings of so I can change the language of the application	Could-have	Leon	Given the settings page, when a supported language is selected, then UI text updates and the choice persists on reload.
15	As a User, I want to read the description of my archetype so I can understand more about my archetype	Must-have	Leon	Given an assigned archetype, when the archetype page is opened, then its description, traits, and Heracles-Labor link are displayed.
16	As a User, I want to have a group for people with the same archetype so I can understand more about my archetype	Could-have	Leon	Given users share an archetype, when a user opts in, then they are added to that archetype's group and can see fellow members.
17	As a User, I want to do new quests after I have completed one so I can learn new things	Must-have	Leon	Given a quest is marked complete, when the user returns to the questline, then a new quest is generated or unlocked automatically.
18	As a User, I want to assess profiles so I can view and change my information	Must-have	Leon	Given a logged-in user, when they open Profile, then their info is displayed and edits are validated and saved on submit.
19	As a User, I want an AI to give feedback based on my reflection, so I know how well I am doing the task	Must-have	Leon	Given a submitted reflection, when processed, then AI feedback is generated and displayed with it; a service failure shows a graceful fallback.
20	As a User, I want to see my friend's progress so I can feel a sense of shared motivation	Could-have	Leon	Given an added friend, when the feed is viewed, then that friend's recent progress is shown, respecting their privacy settings.
21	As a User, I want to view my current streak on my profile so I can monitor my consistency and stay motivated	Must-have	Andy	Given an active streak, when the profile is opened, then the current streak number is clearly displayed, including a "0" state.
22	As a User, I want my streak to reset if I miss my daily task so I can keep myself motivated to the task	Must-have	Andy	Given a missed daily task, when the day ends, then the streak resets to 0 and the user is notified on next login.
23	As a User, I want to inspect my friend's profile to compare our archetypes, badges, and charts so we can celebrate our milestone	Could-have	Andy	Given a friend connection, when selected, then the user can view that friend's archetype, badges, and radar chart within privacy limits.

24	As a User, I want the AI layer to adapt future challenge recommendations and reflection prompts based on my ongoing progress and personal goals	Should-have	Andy	Given ongoing progress and goals, when recommendations are generated, then they reflect recent activity trends and updated goals.
25	As a User, I want the system to automatically generate weekly tasks, personalized to my own archetype	Must-have	Andy	Given a user's archetype, when the weekly cycle triggers, then tasks matching that archetype's theme are auto-generated.
26	As a User, I want the interface to provide an intuitive navigation between dashboard, questline, tasks and profile	Must-have	Andy	Given any main screen, when navigation is used, then Dashboard, Questline, Tasks, and Profile are all reachable with the current section indicated.
27	As a User, I want an onboarding walkthrough that explains how archetypes, quests, and daily reflections connect to the 12 Labors of Heracles so I can understand the core progression loop	Should-have	Andy	Given a first-time user, when onboarding completes, then a walkthrough explains archetypes/quests/reflections via the 12 Labors framing and can be replayed later.
28	As a User, I want to see the current archetype of the quest that I am doing so I know which skills I can get	Must-have	Andy	Given an active quest, when viewed, then its associated archetype and skill focus are clearly displayed.
29	As a User, I want the system to assign my weekly challenge from a shared pool with other users with the same archetype, so we share the same journey	Could-have	Andy	Given users share an archetype, when the weekly challenge is assigned, then all members of that pool receive the same challenge.
30	As a User, I want to be able to save my reflection as a draft so that I can return to it later.	Should-have	Andy	Given a reflection is in progress, when the user chooses to save as draft, then it is stored and can be resumed and edited later.
31	As a User, I want to retake the archetype quiz so my journey can adapt as I change	Should-have	Cameron	Given a user requests to retake the quiz, when confirmed, then new answers are recorded and the archetype/questline update accordingly.
32	As a User, I want to see what trait is targeting so I understand why I am doing it	Should-have	Cameron	Given an active quest, when viewed, then the specific trait it targets is displayed with a brief explanation.
33	As a User, I want to choose whether my next quest targets a weakness or a strength so I can control my own growth focus	Should-have	Cameron	Given a new quest is due, when the user chooses strength or weakness focus, then the generated quest matches that choice.
34	As a User, I want to pause my questline temporarily, so I do not lose my streak	Could-have	Cameron	Given an active questline, when the user pauses it, then progress and streak are preserved until it is resumed.

35	As a User, I want to see a weekly report on all my activities so I can see a bigger picture of myself	Could-have	Cameron	Given a week of activity, when the report is generated, then it summarizes tasks, reflections, and streak data for that period.
36	As a User, I want to compare my current radar chart to a past snapshot so I can see change over time	Should-have	Cameron	Given past radar chart snapshots exist, when compared, then the current chart is shown alongside a selected past snapshot.
37	As a User, I want to be given a weekly questline made up of several smaller tasks so I can work toward a bigger goal over time	Should-have	Cameron	Given a new week starts, when the questline is generated, then it consists of multiple smaller tasks building to one larger goal.
38	As a User, I want to see a history log of all my past quests and reflections so I can look back on my growth	Could-have	Cameron	Given completed quests and reflections exist, when the history log is opened, then all past entries are listed chronologically.
39	As a User, I want to celebrate milestones (e.g. 30-day streak) with a special animation or reward	Should-have	Cameron	Given a milestone is reached (e.g., 30-day streak), when triggered, then a special animation/reward is displayed to the user.
40	As a User, I want to log in using either username or email so I can access my account	Must-have	Liam	Given a login attempt, when either a valid username or email is entered with the correct password, then the user is authenticated.
41	As a User, I want to update my information in case something changes so I can keep my identity correct	Must-have	Liam	Given a profile edit, when the user updates their information and saves, then the changes are validated and persisted.
42	As a User, I want to be able to see what my task completion percentage is so that I can know whether I need to improve or not.	Must-have	Liam	Given completed and total tasks, when the profile/dashboard is viewed, then the task completion percentage is calculated and displayed.
43	As a User, I want to change my quest if the current one is uninteresting so that I can maintain motivation	Should-have	Liam	Given an active quest, when the user requests a change, then the current quest is replaced with an alternative from the archetype pool.
44	As a User, I want to be able to only view the next part of the upcoming quest so that i can improve my wellbeing while getting rewarded	Should-have	Liam	Given an upcoming quest, when viewed, then only the next immediate part/step is shown rather than the full quest.
45	As a User, I want to generate a report on all the activities and tasks that I have finished	Could-have	Liam	Given completed activities exist, when the user requests a report, then a downloadable summary of all finished tasks/quests is generated.
46	As a User, I want to make sure my personal data is secured so I can prevent any scam	Must-have	Liam	Given personal data is stored, when accessed or transmitted, then it is encrypted/protected against unauthorized access.

47	As a User, I want to fill first name, last name, username, email, and password to register a new account	Must-have	Liam	Given the registration form, when first name, last name, username, email, and password are filled in, then the account can be created; missing/invalid fields are rejected.
48	As a User, I want to log into the application using the Gmail account, so I do not have to fill in the username and password	Won't-have	Liam	Won't-have.
49	As a User, I want to have a leaderboard to see how well I am doing compared to other people using the app	Won't-have	Liam	Won't-have
50	As a User, I want to change my password if I forget mine so I can log into the account	Should-have	Liam	Given a user has forgotten their password, when they request a reset, then they receive a secure reset link/flow to set a new password.
